THE BEACON ANNUALLY

Volume 39, 1979-1980

Man's curiosity about the world around him, and his insatiable drive for knowledge has led to today's complex society and the hectic pace of activities. Magazines are an attempt to meet the needs of modern societies. Some are general in nature, giving a slight once-over to a wide scope of activities, others are narrow in focus and offer more in-depth treatment. Whatever their content, magazines are an integral part of our society, and are not only informative, but also a pleasant way to gain knowledge or pursue one's hobby, vocation, or general areas of interest.

HOWDY KING AND QUEEN: BRUCE KNIGHT AND JAN PARKER

HOWDY WEEK BRINGS OUT SMILES IN EVERYONE . . .

Seniors say Howdy in their own special way

Howdy Week, is traditionally the first week of school. Emphasis is placed on making Fish and Sophomores, as well as Juniors and Seniors feel like true Bulldogs. Howdy King and Queen were picked for being the friendliest the entire week.

Jr. Bonnie Milam wishes she was home in bed, rather than registering for school.

Juniors start off the new year with a big Howdy.

DRAMA

Dramatiks & Company Follow The Yellow Brick Road

For the 1979-80 fall production, Dramatiks & Company performed "The Wizard of Oz". Hours of practice and hard work from the cast members ensured a successful production.

Cast members were: Tammy Bauer as Dorothy, Leslie Brooks as The Tin Man, Rhonda Brookshire as The Good Witch of the North, Albert Carter as The Scarecrow, Charles Ruby as The Cowardly Lion, and Cary Wright as The Wizard of Oz.

BLACK HERITAGE OF AMERICA

February was National Afro-American "Black" History Month for promotion of ethnic understanding in America.

Originated by the Association for the Study of Afro-American Life and History, Inc., Black History Month evolved from Negro History Week which began in 1926. Carter G. Woodson, known as the father of black history in the United States, founded the ASALH in 1915 as the Association for the Study of Negro Life and History.

Its purposes are to stimulate blacks' appreciation of their African history, increase understanding of all Americans about their own heritage, and inform Afro-Americans of contributions of black inventors and scientists to the founding, development, and continuance of American life.

Winners At Last!

The 1979 Football season was a year of achievement for the Everman Bulldogs. The team turned in their first winning season in 8 years with 7 wins, 2 losses, and 1 tie, ending the season ranked 23rd out of the 152 teams involved in state 3A competition. The Bulldogs lost only one game in zone, finishing in second place behind Brownwood, who went on to win the district crown.

Leading and guiding the Bulldogs to their first victorious season in 8 yrs. were Head Coach Jay Law and his coaching staff. These coaches worked many long and hard hours to make the season a winner. Scouting other teams, watching game films, and sizing up opponents were just a few of the things the coaches did in order to make the season successful.

1 Quarterback Kurt Boson consults Coach Law about upcoming play against Boswell. 2 Phil Hallmark's key block springs Danny Tisdale for extra yardage against Granbury. 3 Bulldogs explode through banner at Boswell. 4 Coach Jay Law shows disgust over a bad call. 5 Osborne tacks on extra point against Desoto. 6 Bulldogs swarm to assist safety Rudy Jackson against Brownwood. 7 Mark Hernandez leads the traditional "Bulldog Shuffle" after the defeat of Cleburne.

Bulldogs Display Cavalcade of Excellence

1. Bulldog offense readies to explode into Granburys' end zone. 2. Danny "Tiz" Tisdale turns upfield for a long gainer against Granbury. 3. Line works out on the seld in anticipation of working out on their opponents Friday night.

The Bulldogs were highly skilled on both offense and defense. Eight players received honorable mention and three received all-district honors. This years team had an explosive offense which was characterized by their excellent running attack lead by Danny Tisdale who gained 1,401 yards of the 2,988 total yards which the offense gained rushing. Tisdale is, without a doubt, the best player ever to play football for Everman, he is almost assured of getting a football scholarship. He has already had many offers to play for such teams as Nebraska, and Oklahoma. The Everman passing attack, though seldom used, still gained a respectable 507 yards. The Bulldogs outscored their opponents 210-105. The defense was also extremely good. They allowed only 105 points which is one of the lowest point totals given up in the zone. In summarizing this season, it was one of the best the Bulldogs have ever had, and it looks as if Coach Law will be well set for next season because of many returning starters.

1. All-District safety Rudy Jackson prepares to stick a Brownwood runner. 2. All-District defensive players Todd Price and Tommy Stephenson force the pitch from Granbury Quarterback. 3. Kickoff receiver Rod Smith picks out a crease to run against Granbury. 4. Dingo Captain Philip Gieger leads "the squad" to defend against Mansfield return. 5. Clard Davis latches on to a pass on the goal line in the waning moments of the Mansfield game. The Referees ruled him down on the one yard line. This caused a great deal of controversy. Did Clard make the touchdown that would have won the game?

Dedication, participation, and skill are the prime ingredients which make up the Bulldog Cagers. The Cagers had another great year under the leadership of Head Coach John Nickols. This well-controlled, and high scoring team was accented by ball control, accurate passing, and team leadership. This team has maintained the tradition that Coach Nickols past teams have developed. The good sportsmanship, determination, and dedication, have made the basketball program one of the most exciting sporting events in Everman High School.

FOR TITLE

Girl sprinters promote good form with the starting blocks.

The 1980 Everman Girl's Track team had a very productive year. They set their sights on district in the 440 relay and mile. Candy Templeton led the girls to an impressive showing in their first track meet in the second week on March. Based on this showing, it looks as if girls' track will soar to new heights of excellence.

Discus and shot-putters are ready for the season.

Extra Bases

More discussion with J.V.

The 1980 baseball season was extremely exciting. With new Head Coach Jim Dyer and a youthful, but experienced team, they gave the fans many victories. A new off-season training program got them in better condition for the season than the team of a year ago. Next year's season should also be a productive one, due to seven returning starters and three pitchers.

Mark Hernandez, president of the senior class, is one of the most talented artists at EHS. Mark has been drawing all his life and has taken art lessons through correspondence courses. He enjoys drawing and is unlimited in this field. He can do lettering and cartooning as well as portraits and caricatures of people. Mark has a hobby that may well be his career. He plans to attend college and become a commercial artist.

A DECICATION TO SAM

David was a person who was loved by all who knew him. He had the ability to sincerely care for the people around him. He also was a fun person to be around.

He had a great love for life, and even at the age of eighteen we can clearly say he was living it to the fullest.

For his family and friends we would like to say, let us remember David for the happiness and joy he brought to others.

By: Lori Spence

The Annual staff of 79-80 would like to dedicate this senior section of the Beacon, with our dearest admiration to Sam.

ONE TO GO

Benny Lewis and Lawrence Castillo have found that hard work and determination pay off. Both have fought in the Golden Gloves and won. Benny won his division his freshman year and placed second in the A.A.U. State Finals in 1979. Lawrence held the gold medal in A.A.U. from 1972 to 1975. He fought in the Golden Gloves in 1978 and won in the light class division.

CASTLE EXPANDED

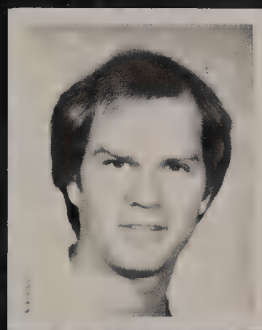

A typical day in the life of hungry people.

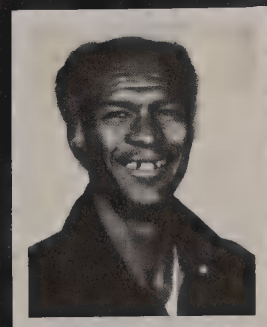

There isn't a moat or a drawbridge but it has a few windows, about four lunch lines and at times it consists of about three hundred and fifty hungry faces and growing stomachs. Everman High School gained a new addition to the system. Not exactly a castle, but it is a little kingdom to our cafeteria personnel. It has given a whole new atmosphere to our eating facility; from dull drums to delight.

Creative Arts would pertain to any thing that is creative or out of the regular line of study.; Like drama, band, chourus, Spanish and French. Special Education helps students with special problems. They learn to work with algebra and science along with many other things. This page pertains to the creativity at Everman High School. It is all apart of Today's Education.

VOCATIONAL AND BUSINESS

The correct definition for vocational and business is: Employment; occupation or profession.

Every day students in the vocational and business classes learn to keep the equality of debits and credits in bookkeeping, type letters in typing and learn how the body functions in HOSA. In ICT they learn machine operation.

Students really learn how to survive in the "Occupation World" with the help of their teachers and the aid of all the options open to them.

How would you like to study about dangling participles in the seventeenth century?

These two subjects are not always put together, but most students have both classes. English and history are two very broad fields. Adjectives and nouns usually do not get associated with why Abe Lincoln had a beard.

The two classes have varied paths, but all are a part of Today's Education.

WHAT DID YOU

"One of my secret desires was to be a movie star or an actress. I collected pictures of movie stars and read about them in magazines."

Mrs. Brewer hasn't quite made it to the movies but if *Cosmopolitan* sees this picture, she may have the chance of at least a modeling career. Eat your heart out Cheryl Tiegs!

REALLY WANT

When you were a small child you had a secret fantasy of becoming a certain someone or to do a certain thing. You may have wanted to be anything from a ditch digger or a sword swallower in the circus, or the President of the United States. So we ask the question, What did you REALLY want to be when you grew up? The answer

Mrs. Gallagher and Mrs. Benavides got together and decided on the perfect career. They want Perry Mason's job!

"As the idea of growing up began to develop in our thoughts, we pictured ourselves as a successful attorney. However, when we realized how much hard work was involved, we gave up the idea. We've heard that Race Horse Haynes is relieved to hear of our decision."

"I wanted to be a famous country and western singer."

Mrs. Sitz does look like she could have made it. With a smile like Donny Osmond, and fingers for her guitar like Roy Clark, anyone knows she must have some musical talent.

"I know it's silly but I wanted to be a teddy bear."

Mrs. Hillard had a dream but she had to BEAR in mind all of the impossibilities.

TO BE WHEN YOU

No, it isn't Jaws! What? No, it isn't the bone you found in your mashed potatoes at lunch yesterday!

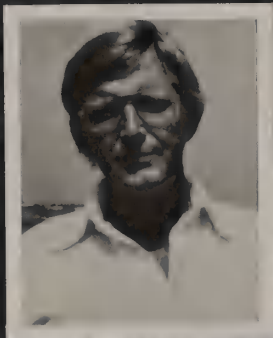

Well, if you don't know what it is ask Archeologist Jay Huffine. He's the man with all the answers. Actually, he was wondering what Mrs. Phillips skull looked like from the inside out. Thus, the answer.

SUPER GYM

Past Victories

It's Ours!

The destination

Hallways of Success

Hey! Look down toward the end of the parking lot! Is it a giant speed bump? Is it Mr. Puryear's new van? Is it Mr. Puryear? Is it a giant failing slip? No! It's SUPER GYM! Our players are faster than speeding bullets and able to leap 10 ft. baskets in a single bound. Our new scoreboards light up with codes of victory as our fighting dogs and enthusiastically loyal fans await another victory.

With long hallways, four flights of stairs and the past victories, our Super Gym is the biggest contribution to our "Super Highschool" in the history of mankind! (Well, almost?)

On the Move

1. Learning to march and play at the same time is just part of Fish Kevin Kents initiation into the band. 2. James Rains takes a break from taking football stats. 3. Albert Carter portrays the Scarecrow in everyone's favorite, 'The Wizard of Oz.' 4. Jenny Juroska, Debbie McKee, and Sherry Martin watch while Jr. powder puff cheerleaders do Two-Bits. 5. Varsity footballer does daily exercises at afternoon practice. 6. Mickey Hernandez wonders what John Secoy is doing. 7. Fish need to learn how to smile when it comes to picture taking. 8. Watch out Seniors because here comes "Mad Merrilee".

Vocational Students Advance

Distributive Education Clubs of America associates social functions and learning activities with marketing and distribution in the business world. Going to school half a day and then going to work seems to get hectic for the D.E. students, but in the long run, they find it's worth it.

Sponsoring Homecoming, Dances, Spring Fever Week, & Assemblies are just a few things the Student Council does. Consisting of class representatives, club representatives, & officers, Student Council works together for the good of the school, faculty, & student body. Though it's hard work, each person involved knows when a little effort is put forth, they will get a lot in return. The ability to work & have fun is what makes Student Council such a successful Organization.

Dedicated to helping others and serving the community, is what the Keywanettes and Key Club are all about. Working at the Octoberfest, visiting the handicapped and elderly, providing goods for the needy, and cleaning up the school grounds, are just a few things they do throughout the year. These students know that their hard work will make for a fulfilled and highly successful club.

Clubs in action

Drill Team members Teri McDonald and Adriana Medrano help enroll the Junior class, who by the smiles on their faces show how anxious they are to get back to school.

Cheerleaders Robin Roberson and Lisa Nickols help assign parking spaces to the Junior class.

Drama clubbers Johnathan Russell and Albert Carter put on skit for Bulldogs at Pep Rally.

Student Council plays Football Feud while Bulldog fans cheer them on.

The page features a large, stylized 'US' logo in the center. Surrounding the logo is a collage of black and white photographs of students. The photos depict various activities: students in sports uniforms (football, basketball, volleyball), students in casual attire, students in group settings, and students in individual portraits. Some photos include text overlays, such as 'PERFECT STUDENT' and 'VERMA 13'. The overall layout is a dense grid of images, with the 'US' logo prominently displayed in the upper center.

In Memory

Freshman, Walter Oswald

Walter Oswald was a student of many talents. He played several musical instruments, cooked, and rebuilt lawn mower engines as a part time job. Walter built a miniature air compressor as a Science Fair project that won first prize. He was scientifically inclined, and at the time of his death was preparing to build a steam engine. The Beacon Staff would like to dedicate this section of the 1980 Beacon to Walter Oswald, a fine student, respected by both his teachers and his peers.

Maria Aantz is the only student at EHS with an address in South America. She is an exchange student from Santiago, the capitol of Chile. Maria has noticed many differences between the kind of school system she is accustomed to and the one at Everman. For instance, instead of moving from one class to another as we do, the students remain in one room and the teachers are mobile. Due to the differences in seasons, they attend school from March to November. Rugby is the favorite sport as opposed to football. Maria took English as a foreign language, while Spanish was required. Perhaps the biggest difference was the fact that she attended an all girl school in Chile. All in all, Maria seems to be enjoying American life. EHS welcomes you Maria!

The Pages Turn, The Year Ends, The Subscriptions Expire . . .

Just as subscriptions expire, yearly activities come to a close.

Summer arrives and Campus Life comes to a halt.

Minutes Reflect Hours . . .

Hours Reflect Days . . .

The campus filled with voices, the final days of vacation slowly flickered and faded with summer. It comes to an end all too soon for most Seniors, but the underclassmen will remain to carry on the tradition. We were all just a part of a complex network, reaching out for new goals in an ever changing society.

Only Part Of A Never Ceasing Flow Of TIME
